

DEAR MEDINA COUNTY CITIZEN:

County Auditor's Offices have been called "the most complex and challenging" of all county offices. My responsibility as your Auditor is to ensure that the office runs efficiently and economically and to see that you, the taxpayer, are aware of the services your Auditor's Office has to offer. During the past decade, Medina County and the Auditor's Office have faced record growth. During this same time frame we have vastly increased our services and outreach to Medina County citizens. In spite of these changes, we are tremendously proud to be one of the most fiscally conservative offices in the county. I take great pride in helping to answer your questions and in solving your problems. Please count on us to be here when you need us.

Sincerely,

A handwritten signature in black ink that reads "Michael E. Kovack".

Michael E. Kovack
Auditor of Medina County
