

Homegrown Medina: The County in Pictures Contest

Medina County is home to some picturesque landscapes and locations stemming from historical landmarks, storybook homes, farmland, hidden creeks, as well as “Erie” beauty of abandoned barns in front of a fog filled sunrise. We are asking for your help to highlight the unique beauty all around us. We want to see our county through your eyes so that we can proudly display what makes you love calling this place your home.

Requirements: A clear photo (edits and filters optional) of any building(s) or landscape that represents beauty and the sense of being “homegrown” to you. To the best of your ability, please do NOT include photos of people’s faces. Side profiles of pedestrians and the back of people’s heads (as if they were walking/walking away) are fine.

Please do your best to take candid photos and nothing staged if you happen to capture people. Your photo will be credited to you, so include your name how you would like it displayed at the time of entry. Each contestant will be able to submit no more than TWO photos. **The deadline to enter is Friday, May 13, 2022. The winning photo will win \$50 (and bragging rights)!**

These photos will become part of an archive of local color that may be used in various promotional materials and also on social media.

How to enter: Submit your photo(s) to: auditorintern1@medinaco.org. JPEG format is preferred. Please include “Homegrown Contest Submission – (last name)” in the subject line.
