

Hi! My name is Heisman. I am the best dog in Medina County. I'm 11 years old I have white soft and a thin layer of hair. Black, shiny, but dark eyes. I'm always smiling, even if I only have one tooth in the front and six in the back. I'm small, very skinny, and I have a tail that curves around and has hair that flows down from it. I also have floppy ears, but they always flop the right way. I'll bet, no I mean I know I'm the most handsome dog in Medina County.

This is the story of how I survived. Three years ago I started to feel faint. I couldn't walk straight my best friends Aliah and Mallory called the tall people in the house. Then my life flashed before my eyes. Everything was black. Next thing I knew when I woke up I was at the veterinarian's office. I was there for three nights. It was scary. I couldn't see my best friends or the tall people. The next thing I heard was blah, blah, blah but the voices sounded familiar. It sounded like my best friends. Then I heard nothing. I guess it wasn't my best friends. Then I was diagnosed with Addison's. Finally I was able to go home. When I got home I got snuggled like I was the fluffiest thing on earth. Here's a fun fact: Small dogs are the best because they will snuggle tight with you even when your dog is 11 years old like me. Ever since that experience I'm brave enough to do anything. This is why I'm the best dog in Medina County.
